Subject: OBJECTION A/99/17/OUT: Land South of Water Lane

We strongly object to this further development of the land South of Water Lane

Surely Angmering has had enough development already; the local roads cannot cope with the volume of traffic, there is no point trying to leave the village at peak times as all you will do is sit in a queue. The local doctors surgery is already under pressure to cope with the additional people which will only get worse as the recent developments become occupied. The local primary school had classes in excess of 35 pupils over 10 years ago so I don't know how they can be coping with the additional families wanting to send their children to the local school.

There is the additional worry of flooding through Water Lane and the surrounding roads in this area. If additional properties are built on this land it will surely affect the drainage across the fields. It's called Water Lane for a reason!!

Please please consider the impact of this further development on the residents already living here.
