Subject: Objection: A/99/17/Out land south of water Lane

Dear planning department

I am writing to voice my objection to the land south of Water Lane Angmering being developed.

I believe this the wrong area to be developed because of existing surface water flooding. The village has experienced serious flooding in June 2012. The area is regularly under water and even the horses in the field had to be rescued. Where will all this excess water go if this land is built on?

The congestion on all the local roads making it difficult to travel anywhere ie: out of the village onto the A259, or returning in to the village from either north or south.

The local doctors and schools are already over subscribed.

Kind regards

Rachel Keogh
