Dear Sir/Madam

Planning Application no. A/99/17/out

I am devastated to see a new planning application has been submitted for 176 houses on the fields surrounding Weavers Hill, the fields in question form the start of the downs, which is a conservation area, with not only the most beautiful meadows but some of the oldest Grade 2 listed properties and original cottage in the village, this will alter forever the character of this village.

You are already building an excessive number of houses off Roundstone Lane. Which is causing traffic chaos at certain times of day and particularly weekends, inspite of the fact not all the houses have been completed or occupied on that are being built now. Most of the buses, cars, lorries use Weavers Hill now, and Weavers Hill is a single Lane road, with extremely tight corners, there have been endless accidents and near misses already without extra traffic using this a Lane. Further more many people try to walk with their families, dogs because it is so beautiful and has access to the downs, they are regularly pressed against walls or try to shelter from traffic in driveways. This further development will increase the danger.

There is a month to five week wait to see a Doctor now, there are not enough services to cope with the huge influx of people.

IT IS TIME TO STOP THE OVERDEVELOPMENT OF THIS AREA AND VILLAGE NOW, THIS IS A MASSIVE OVERDEVELOPMENT OF THE AREA. THIS WAS A VILLAGE AND IS BEING RUINED BY GREEDY DEVELOPERS.

Yours faithfully
