PLANNING APPLICATION
A/99/17/OUT

Dear Sir,

I am dismayed to see the above planning application for access to the proposed site between Weavers Hill & Water Lane to build 175 houses.

We are already experiencing an unacceptable increase in traffic from 6.30am due to the massive number of new houses being built in Roundstone Lane. Weavers Hill is a narrow country lane, restricted to one car in places and there have been numerous accidents recently. There is no footpath and it is a death walk for the many people who enjoy a walk in this unspoilt

part of the Village.

The Village is already experiencing grid lock, at certain times of the day, and with this new development there will be at least 200 more cars negotiating these narrow roads.

This is a conservation area and should not be built on. This over development is affecting everybody's way of life. Please reject this application now

Yours faithfully
