24th July 2017

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)

Town & country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Outline application with some matters reserved (Access only) for development up to 175No. residential dwellings, public open space, play areas with associated infrastructure including roads, drainage & landscaping. This application affects the character & appearance of Angmering Conservation Area & the setting of Listed Buildings. This application is a Departure from the Development Plan
Land South of Water Lane Angmering

Thank you for your internet representation made on 22nd July 2017 which has been recorded as '**an objection**' with the comments as follows:

There are a number of issue with this application on which I object.

- 1) The proposed access onto Water Lane will caused traffic issues due to the proximity to the junction and the traffic calming islands.*
- 2) Water Lane, despite the bypass, is used as a rat run as traffic tries to avoid single file traffic on the Roundstone Bypass Road. Additional houses with access via Water Lane is likely to use this rat run when travelling from the west.*
- 3) The plan is for outline permission so whereas the plans may look "pleasant" there is no guarantee that the development will end up looking like this.*
- 4) Assuming an average of 3 people per household, 175 houses adds 525 people into the population of the "village". Where is the increase in infrastructure such as a larger or new doctors surgery and more schooling for years 1 to 6?*
- 5) It is shamefully close to the South Downs National Park border to avoid the increased planning "barriers" that this attracts.*
- 6) There are other brown field sites in the area which should be exploited before taking a green field site.*

Your views will be considered before the application is determined and I shall write to inform you of any decision made.

Please be aware that if the application is to be determined by the Council's Development Control committee and your letter has been received at a late stage after the Agenda has been published you will not receive a separate letter notifying you of the date of the meeting and procedures for public speaking. In such circumstances it is recommended that you track the progress of the application on the Council's website or telephone the Council for further information. Please be advised that any comments you make that are not included within the Committee Agenda will be reported to the Members of the Development Control committee. Please also be aware that only a small number of all planning applications received go the Development Control Committee. Most are determined under delegated powers by Officers in which case your comments will again be considered before the application is determined.

Please be aware that Planning Services operate an 'open file' policy and will publish details of your comments on the internet on the Arun District Council Planning section. Please ensure that you only provide information that you are happy will be made available in this way. If you supply

information belonging to a third party, please ensure you have their permission to do so. If you do not wish your comments to appear on the 'open file' please confirm this in writing and I will arrange for it to be destroyed although this means that its contents will then be disregarded.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
