Hi Michael

I have no idea if you want these uploaded as a Substiution to supersede the previous versions, or just as supplementary information? Or even just to upload as part of the application?

Please pass me the file with an instruction sheet on the front to allow me to process.

Many thanks,

Karen

Hello Karen

I think this is amend/sub.

I think you said to forward these to you, in Nicola and Julias's absence.

Hi Michael,

Following discussions between our Arboriculturist and Bernie Haverson I attached the amended Arboricultural Implication Assessment dated 6th November. Plot 175 of the illustrative masterplan has been amended to reflect any encroachment on G31. Given the change to the illustrative masterplan we have amended the parameters plans to show this is moved back.

If you have any questions please do not hesitate to get in touch.

Many thanks,

Zoe
