Please upload the attached amended illustrative masterplan from the applicant onto Ocella for A/99/17/OUT -- Land South of Water Lane, Angmering.

Thanks,

Michael

Subject: RE: South of Water Lane Conditions

Hi Michael,

Thank you for the update. As discussed earlier in the week I attach the illustrative masterplan which demonstrates how more trees could be provided along the eastern boundary. This plan does not cause any implications to the parameter plan and is for illustrative purposes only.

Are we still on track to make the April Committee? Are you able to provide your revised Committee Report which you mentioned when we spoke earlier this week.

Many thanks,

Zoe

Subject: RE: South of Water Lane Conditions

Hi Zoe,

Thanks for sending through the schedule of amended conditions.

I have taken most of your suggestions on board; but I have also reduced the number of foul and surface water drainage conditions down to 2 following recent inspectors appeal decisions. I have retained condition 38 on a detailed FRA as this has been requested by the EA; and condition 41 regarding a verification report as this is a standard condition requested by Environmental Health.

The conditions have been re-numbered accordingly.

Kind regards,

Michael

Hi Michael,

Please find attached our comments on the application conditions. A number of these do not seem to be relevant to our application or should not be applied at this stage. Are you able to send across your amended committee report for review?

Many thanks,

Zoe
