Subject: RE: A/99/17/OUT - Land South of Water Lane, Angmering - Heads of Terms - LIBRARY CONTRIBUTION

Hi Michael

The Library requirement is to go towards "the development and enhancement of existing services at Angmering Library" now, can you confirm that this will supercede the committee report or any other documentation on this, following Karen's attendance at the advisory meeting on Thursday evening?

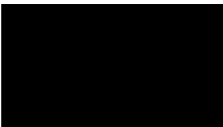

For the secondary school contribution, we've amended this to "fixtures, fittings and equipment associated with Phase 1 of the new secondary school serving Arun, or towards future expansion at The Angmering School should the new school not progress"

For the sixth form contribution we've amended this to "infrastructure related to the future expansion at The Angmering School Sixth Form".

The above narrows down our requirements so that we don't find ourselves with pooling issues further down the line when other applications are coming through. Here is our revised response.

If you need any input regarding the highway comments you've made then check that with Stephen Gee, our highways officer for this site.

Best Regards
