Economic Development welcomes this planning application and fully supports these proposals. This site forms part of Enterprise Bognor Regis, a strategic employment site the council wishes to see developed for employment generating uses and this application fits entirely with this policy. In recent years we have received many enquiries from local businesses looking for sites in which to expand their businesses. This site and the proposed uses will fulfil this demand and help to ensure local businesses are retained in the area.

Subject: Hybrid planning application BE/102/17/OUT - Salt Box site, Bersted

Hi Denise,

Please could I have a response from the Economic Development Team at ADC on the hybrid planning application BE/102/17/OUT for the Salt Box site, in Bersted

Kind regards,

Michael
