Subject: Saltbox - Sensitivity Test

Michael, I've just picked up your voicemail.

As an update, I have asked Guy in the WSCC Planning Policy team to contact Systra (who have acted on behalf of Arun DC in producing the transport work supporting the Local Plan) to gain access to the necessary data to undertake the sensitivity testing. Guy has requested this information today. Hopefully Systra will be able to forward this next week. There's then some additional work that will have to be done to substitute in the traffic flows included in the Saltbox Farm planning application. Once the flows are available, I will then forward this to ADL (Amol and Tony) to undertake the capacity modelling and to prepare a summary for the outputs.

I note the proposed committee date of the 13th December. Providing Systra can forward the requested information in good time, then the suggested committee date can be met.

I will copy you in on any emails as and when necessary.

Kind regards

Ian Gledhill
