Richard,

Further to my emails below and your separate correspondence with Tim Rainbird in regard to the detailed landscaping scheme in at Oldlands Farm, could you please now substitute this final plan into both the application for advertisement consent for signage (BE/107/15/AR) and the application for planning permission for the flagpoles (BE/106/15/PL) which shows the battery store and car charging points.

This plan supersedes the previous 2no. plans which I sent this week.

Regards,

Angie

Richard,

Further to my email below and the email sent to you earlier today from Tim Rainbird in regard to the scheme for public art at Oldlands Farm, I attach the updated and final signage plan (**DA-1606-L-02-11 Rev B**) which is to supersede the plan which I sent through on 02 July (DLA-1606-L-02-11 Rev A).

The reason for this substitution is so that the be landscaping scheme on the base plan is consistent across all of the approved plans for the wider development.

The attached plan therefore needs to be substituted into both the application for advertisement consent for 6 no. signs (ref: BE/107/15/A) and also the application for planning permission for 2 no. flagpoles (ref: BE/106/15/PL).

If you have any queries at all, please do contact me on the telephone number below.

Many thanks,

Angie Fenton

Dear Mr Temple,

**LAND AT OLDLANDS FARM, SHRIPNEY ROAD, BOGNOR REGIS, PO22 9NN**  
**2NO. FLAGPOLES AND 1NO. FASCIA SIGN; 1NO. INTERNALLY ILLUMINATED WALL BADGE; AND 4NO. FREESTANDING**  
**PYLON SIGNS**  
**SUBMITTED ON BEHALF OF BERICOTE PROPERTIES LIMITED**

I write in regard to the planning and advertisement consent application which we submitted via the planning portal on 23 June (PP-04292624). We received acknowledgement letters providing the reference numbers BE/107/15/A for the application for advertisement consent for signage and BE/106/15/PL for the application for planning permission for the flagpoles.

We are seeking to replace the submitted site layout plan (DLA-1606-L-02-11 **Rev-**) with the attached plan (DLA-1606-L-02-11 **Rev A**).

The reason for this change in plan is so that the landscaping which is shown on the base plan for these applications corresponds with the approved planting scheme for the overall development.

I trust the above is clear but please do contact me if, for any reason, this request cannot be accommodate or if you have any queries.

Regards,

Angie Fenton
