Dear Mr Hamilton,

I am sorry but the relevant part of The Design & Access Statement (section 5/page 36 onwards) is not available on our website. It seems that only half of the document was originally uploaded when the application was accepted. I have asked the agent for a copy and will then get this uploaded. In the meantime, you may wish to look at section 6.11 of the separate Planning Statement which also discusses energy conservation.

Kind Regards

Simon J Davis MRTPI

Dear Mr Davis

The design and access statement is very difficult to read. Could you please let me know where in the documentation the applicant refers to energy conservation?

With thanks
Colin Hamilton
