Mr Pepper,

The covering letter submitted with the plans includes a list of the minor changes made to the plans. A 'Revision Notes Information Use Only' plan within the recent submission of drawings, which highlights where the changes have been made (through the use of red 'clouds') and annotates what has changed in each area.

For ease, I have attached the Revision plan and copied the list of changes out below:

- Removal of the garage to plots 9 and 10, and repositioning of the dwelling and parking
- Widening of the southern access stub road and footpaths
- All footpaths are a minimum of 1.2m, most are either 1.5 or 2m in width.

As these are all minor changes in the context of this application there is no requirement for the application to be readvertised. The principle of development has been accepted on the site and in the course of writing up the report the council will assess the comments/objections received.

I hope this answers your query.

David
