bearing in mind this is a resubmission with EXACTLY the same details as previously submitted i fail to see how this can be invalid - there is clearly inconsistency in your validation process which i find unacceptable. Also a delay of 13 days is wholly unacceptable.

i will not alter the forms - D Jones has full details of ownership and has draft s106 and land title - so it is not required.

foul and water - see amended DAS attached

roof plan - only required where dormer proposed - i am not proposing one

please find some amended drawings through, site plan shows proposed roof plan of new build

i expect application to be validated of todays date

steve
