To whom it may concern,

As local residents of North Bersted we have watched with growing interest on the development of the saltbox area.

We are slightly baffled by the rejection to open Gregg's at 6am when the McDonald's nearby is open 24 hours a day and from experience has a significant impact on road access in the local area with traffic often blocking access on the roundabout.

We would have thought the location of the Gregg's to be conducive to the earlier opening rather than not, and also cannot see how people in Shripney could be affected by this.

I also assume that like other early morning commuters I would be denied the choice of a Starbucks as if they were to request to open earlier then for consistency they would have to be denied.

This is such a shame for the local area, commuters and even people like myself on early morning dog walks.

We understand that Greggs is appealing and we are certainly hopeful they are successful.

Kind regards,

Mr O'Connor
