Mr Crowther,

After reading the latest posts on BE/117/18/DOC, on behalf of local residents, I would like to thank you for the strong stance and position that ADC are taking.

Whether there are 20 or just 1 condition not met, then they are unlawfully building the properties. The fact that they have pre-sold some houses, and are coming under pressure on a number of fronts, is their problem not ADC's. They obviously have no regard to the conditions that you have imposed in granting the planning permission, to the benefit of all local residents.

Kind regards,

Terry Pepper.
