

Mr Alan Lewis
346 Chichester Road
Bognor Regis
PO21 5BX

To whom it may concern,

The planned annex at 346 Chichester Road will be for my mother, Brenda Lewis, to live in. We currently all live in the house together and since the arrival of my daughter, we have started to realise we need more space as we grow as a family, especially as Rosie gets bigger and more active.

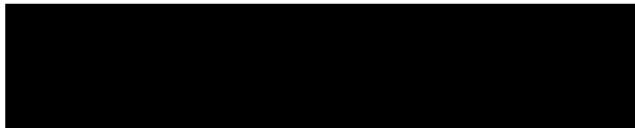

Additionally, my mother [REDACTED] values her own space for some peace and quiet whilst remaining close to us if she needs help and for comfort and company regularly.

We feel that having an annexe structure that is ancillary to our main home will offer my mother independence but will also mean that we can be on hand to offer help as and when it is required in future years.

I hope that you will agree that an annexe building is the best solution for our situation.

Yours sincerely,

Alan Lewis
