Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: BE/11/22/HH
Site Address: 13 Newtown Avenue Bognor Regis PO21 5HS
Description of works: Loft conversion to form new 2nd floor with rear dormer projection and alterations to roof to form gable end.

Thank you for your internet representation made on 8th March 2022 which has been recorded as an objection with the comments as follows:

OWPC45013

Number 13 have previously had an extension and this new project is being added on top and we are not happy because the old design compromised my family property. I wish for someone to check what is allowed and what is not allowed in terms of their new extension as we don't want it to affect our side of the property anymore. In the old design the water from a black drain pipe from the top of their building ends in our back garden causing drain water to fall in our back garden, the steam vents from their kitchen are facing our house. We have always suspected that their walls have crossed the boundary of our house when their driveway and house extension was built making our driveway narrower. Once these things have been checked by the council and rectified by number 13 we will have no objection to their extension.

Your views as made above will be considered before the application is determined.
