Nicola,

I just received the letter regarding our application for the discharge of conditions ref **BE/121/20/DOC**.

Attached is the original discharge letter for **Full condition 7** of the **BE/102/17/OUT** application, which we are looking to replace with the new Construction Management Plan.

I hope this clarifies

Kind regards

Michael

Nicola,

Thanks for getting in contact

I spoke with Michael Eastham about this, and I have submitted as we discussed.

We are submitting the CMP for Full condition 7 of the BE/102/17/OUT application, to replace the old one. This is because the previously submitted CMP was written by the previous contractor. We are simply replacing with a CMP written by the new contractor, so all ducks are in a row.

We will submit a CMP for the outline part of BE/135/18/PL in due course.

I hope this explains

Kind regards

Michael

Dear Mr Whitwell

I am in receipt of the above application to Discharge Condition 7 relating to the Construction Management Plan.

We have established that BE/135/18/PL is the implemented hybrid approval and you are applying to discharge Condition 8 of the Outline part. Therefore, please clarify that you are happy for me to amend the description.

Please also clarify if the submitted Construction Management Plan relates to the whole site, or part of the site.

Kind Regards

Nicky Moore
