Dear Michael,

Thank you for your letter dated 16 August 2021 regarding the above referenced application seeking a response no later than 17 September 2021.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity.

Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

Having examined the above reserved matters application, including the information submitted to support the discharge of various conditions in relation to planning permission BE/135/18/PL, we are satisfied that these are not of specific relevance to Highways England as they will not result in any material impact to the SRN.

Accordingly, we are content to rely on our previous representation and hence we do not object to this application which includes the discharge of various conditions originally attached to planning permission BE/135/18/PL.

Should you have any queries regarding our response, please do not hesitate to contact us at [REDACTED]

Kind regards

David
