Dear Sir/Madam

On behalf of Mr DW Langmead:

Application to discharge Condition 7 of Planning Permission BE20/27/PL in respect of the erection of a temporary soil store on land west of Saltbox, Bognor Regis

Please find enclosed an application to discharge Condition 7 of the above permission, which requires submission and approval of dust suppression measures to be used at the site.

The application comprises:

1. Application forms;
2. Site location plan;
3. Dust Management Statement; and
4. Statutory fee (Paid online).

The enclosed Dust Management Statement considers the context of the proposal and in particular its relationship with Shripney village and the Bersted Brooks Nature Reserve. Potential pathways of dust generation are considered and a series of mitigation measures are set out. It also provides details of how the site will be managed with regard to dust and the means by which any issues at the site may be communicated to the site management.

I trust that the enclosed will allow for the prompt discharge of this condition. Should you require anything further, please do not hesitate to contact me.
