The approved scheme shall thereafter be implemented prior to occupation of the dwellings and any approved renewable energy supply systems shall be permanently retained & maintained in good working order thereafter.

Reason: To ensure that the development is energy efficient and in accordance with policy ECC SP2 of the Arun Local Plan.

Decision:

The discharge of this condition is approved in so far as submission of details related to:

Energy Statement - produced by Southern Energy Consultants, dated 21st November 2019.

N.B. Whilst it is noted that there is no decentralised, renewable or low carbon energy supply systems proposed, the details submitted show a reduction of over 10% in energy use above the standard, and the fabric first approach being proposed is acceptable as an alternative. The scheme would comply with policy ECC SP2 of the Arun Local Plan.

Please do not hesitate to contact the above officer if you require any further assistance.

Yours faithfully
