Engineers Comments Regarding Condition 5 on BE/126/20/DOC and Condition 3 on BE/127/20/DOC

Dear Ray,

We confirm that we do not recommend discharge of the surface water drainage conditions at this time. Further discussions are required regarding the conflict between trees (both proposed and existing) and the proposed surface water drainage scheme.

We are in contact with the applicant's engineer and once everything has been agreed we will need to ensure that the latest plans are on the system (currently not the case).

Kind regards,

Laura Gibbons

Drainage Engineer

Engineering Services

Please note that I work Tuesdays 08:00-16:00 for Arun only.
