Dear Keith

Application to vary condition 48 of Planning Permission BE/45/04

Further to our recent correspondence, please find enclosed an application to vary condition 48 of planning permission BE/45/04, which relates to the timing of the provision of the noise bund associated with the Bognor Regis Northern Relief Road. As highlighted previously, the bunds are to be formed by the 'cut' of the relief road so we are unable to form the bunds until we start building the relief road. It is anticipated that construction of the relief road will commence in Spring 2011 (with Persimmon to start roundabout works in mid November 2010).

We consider that the following revised wording for Condition 48 would be appropriate:

"Noise attenuation measures, including the noise bunds referred to in condition 1 of this notice of permission, shall be provided and the noise bunds planted in accordance with landscaping details approved by ADC on 29 July 2009, prior to the operation of the western section of the Bognor Regis Northern Relief Road (BRNRR), as permitted under application ref: BE//37/08."

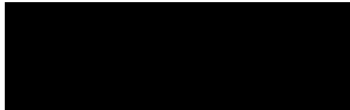

As such, we enclose the following material for your consideration:

- Application form for variation of a condition following grant of planning permission
- Application fee for £170 – please can you provide a receipt in respect of payment
- Site Location Plan

We trust you have sufficient information to consider this application and we look forward to receiving formal notification of its registration.

Yours sincerely

OLIVIA COLLETT
