Ref. Planning application BE/135/17/P FOR continuance of use without compliance
with condition 4 imposed under BE/151/11

Dear Sirs,

I wish to object to the proposed variation to BE/151/11 on the grounds that

- a) The recent installation of several huge supposedly "mobile" homes is even more inappropriate to the site than the previous holiday homes. The new constructions are much larger than the genuinely mobile homes, which were there and effectively seek to establish the site as a permanent housing estate, thereby urbanising a rural area.
- b) The previous old brick wall bordering the site on the access path/lane has been torn down and replaced by a modern monstrosity and the lane running past the original cottages has been covered in tarmac and widened. More urbanisation.
- c) The site borders and perhaps encroaches on the conservation area.
- d) The resulting traffic will cause further danger to the residents of the access lane and along the ancient highway, Shripney Lane .

The application is based on false claims and the fact that so much of the development has been done without the necessary permission is an indication of how little regard the owners have for both the planning regulations and the neighbouring home owners.

I urge you to reject the application.

Yours faithfully,

A large black rectangular box redacting the signature of A.W. Hawkins.
