Subject: BE/135/18/PL - Corrected drawings

Dear Mrs Johnson

Further to my call a moment ago I attach the amended drawings as requested.

They are numbered 1744-DT2-P03-A, 1744-TU-P05-A ND 1744-UF-P04-A

I also enclose a revised drawing schedule.

I understand that the fee payment has been received.

The description of development is acceptable save that the outline description refers to 2no. Distribution warehouses whereas we are seeking consent for the principle of employment uses B1-B8 and while we expect it to be 2 units, the form could change. Could you please revise accordingly.

Many thanks for your help and I look forward to receiving confirmation of registration of the application.

Kind regards and a Merry Christmas

Arfon Hughes
