

Nicola,

Arfon Hughes has submitted surface water drainage information for Salt Box on the planning portal, but he has also sent me copies of the requisite information by email.

Kind regards,

Michael

Michael

Further to our discussions I attach the Drainage Strategy document and associated plans and calculations in support of the current planning application at Saltbox, Ref BE/135/18.

One drawing referred to in the appendices, concerning the Southern Water sewage network, has been corrupted and so Mike Griffin will send this separately on Monday.

Due to file sizes, Parts 1 & 3 will be on this email, Part 2 will follow separately.

I will be emailing you separately with the information regarding the discharge of conditions 9 & 10 (Foul and surface water drainage) of the full aspects in respect of the consented scheme BE/102/17.

Please can you confirm receipt.

Kind regards

Arfon
