Michael,

I have just received (and attach) the updated external lighting drawing (5163-SP-EX-110 rev C2) which includes an image of the lighting head, and lighting column data sheet (Tech stepped_columns_july2017) for **Full condition 4** External lighting.

The lighting column we are using is the 6m standard duty, which we have highlighted on the data sheet.

Having spoken to Mike at Hydrock, we will be submitting the Foul and surface drainage pack by the end of the week.

Kind regards

Michael
