Subject: Unit3 change of use in arun retail park

I am writing to voice my objection to fitness first being closed and replaced by an unwanted and unneeded home store. Several stores exist in the local vicinity that offer the exact same products as said store and I for one resent the idea of a lack of individuality on the part of the businesses already in the area. Let alone another one wanting to take over an already established business enterprise. Regardless of fitness first willingness to continue their presence in the arun area, I feel there are no other opportunities of their size and stature within the surrounding areas and I hope the application to remove a much needed local asset gets rejected. People do not only use it as a health club it is also a meeting place for many elderly residents and as such their health as well as their friendships, many built up over many years of membership, would suffer. Some irrevocably. I hope an alternative solution for this is found and one of the most important aspects of any community, health and well-being, is allowed to continue at the site in one form or another. I am not a member of the senior community at only 39 years of age but I already understand what exercise and kinship means to those older than me who frequent unit 3.

Thank you for your time in considering my protest.
