Subject: Ref RE/136/14/PL Fitness First premises Bognor Regis.

Dear Sirs

The above reference number relates to the change of use request, relating to Fitness First, Bognor Regis to be changed into retail premises.

As a club member, I would like to protest against the change of use and would like to see Fitness First stay at their present site.

I, along with 1800 other people, use the club on a daily basis.

The club is a central part of my life, being where I exercise, along with many others and socialise. Because of these facts I would hate to see it go.

Many of the retired elderly community also come along and take part in daily classes, which gives them company and keeps them fit and well.

Apparently the retail outlet requesting, change of use, is yet another cut price home wares shop, which surely would vie with Lidl, Sainsbury, Tesco and the Ponden shops who all sell the same kind of merchandise.

If there is anything else that you would like me to comment on, regarding this application, please contact me by e-mail and I will respond with pleasure.

Yours faithfully

Toni Regan.
