Subject: Fitness First Gym, change of Business Use

It has come to my attention that the site of the Fitness First Gym in Bognor Regis has its leases up renewal. I am told that a retail outlet has applied for the lease. I wish to object to this change of usages in the strongest terms. As an OAP the gym offers me both physical and social wellbeing. The government have expounded the virtues of keeping active for all UK residence, should Fitness First close, there would be eighteen hundred F/F members that would be begrudged of this. As an OAP F/F offers me a very affordable membership and there are no other gyms in the local area that offer all the classes I enjoy at a price I can afford.

I should be grateful of a response to my e mail

Victoria Barlow, 6 Glenelg Close Bognor Regis West Sussex PO21 5UB
