Subject: Objection to Home Bargains taking over Fitness First gym in Bognor Regis.

I would like to object to the planning application refBE/136/14/PL

I am very disappointed to see that a planning application has been put in for Home Bargains to take over the Fitness First premises.

1. There is no other gym in the local area that offers as many exercise options as FF.
2. The nearest gym with similar facilities is in Chichester and travel is not a option for many members.
3. There is no other local gym that is as reasonably priced as FF.
4. There about 1,600 FF members-there is no other local gym capable of accommodating them if FF closed
5. FF encourages its members to keep fit and healthy and therefore diminish the costs to the local NHS
6. FF is a great club for its social aspects.
7. The local community would suffer greatly if FF was closed.
8. There is similar businesses to Home Bargains on the same retail park who have serviced us very well up to now and it would take away some of there business which is not fair to them. I hope ADC will think very seriously before allowing Home Bargains to take over the premises of FF. 1,600 Fitness First members do not want to lose their gym so please listen to us.

Thank you for taking the time to read this and submit it to the right department. I look forward to your reply.

Thank you Mrs J Holmes
