To whom it may concern.

I would like to add my name to the growing list of people concerned about the change of usage application for the Fitness First site in Bognor Regis. Not only do we have enough 'cheap, down market' shops in this locality to change the usage of this property means hundreds/thousands of gym users have to find other places to enjoy physical recreation. In the current client where obesity is prevalent, shouldn't we all have a vested interest in keeping those facilities in place to help alleviate this burden on our struggling National Health service ?

If Fitness First is not viable as a business enterprise, I'm certain another gym chain would welcome the opportunity to open in Bognor Regis.

Yours faithfully
