6. Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

Although the previous information to discharge this condition has been approved, we now wish to change the position of the site office and container. This has been done in order to locate the site offices away from the existing residential dwellings. There is no impact on the proposed pump station as the pump station apparatus has been installed and commissioned. Loading and unloading of materials will still take place in the material storage area and the construction parking will remain in the same location. Should you have any further queries on the attached documents please contact Bellway. CMP plan and accompanying document Revision B attached.
