Dear Miss Burrows,

re: Application for Listed Building Consent BE/137/12/L

I received a request for further information from Mr Roberts. Please accept my apology for not sending the correct documents the first time, but I have now supplied the documents requested (attached). However:

1. The existing floor plan is identical to the proposed floor plan, so I have sent one only, and this has been drawn as a partial floor plan, just including the relevant windows.

2. The existing elevations are identical to the proposed elevations, so I have sent one only, which consists of a photograph and a sketch.

3. I have also sent a location plan, D&A Statement and Heritage Statement.

Would you be kind enough to let me know if this is acceptable?

Best regards, Peter Mullans
