Hiya Simon,

Please find attached an updated 'Existing and Proposed Elevation', Revision 1, showing a reduced size sign on the rear of the premises.

I hope that the attached is acceptable to yourself and the Council, however please do not hesitate to contact me if you have any further queries.

With kind regards,
Danielle

Dear Danielle,

I would accept the same dimensions of sign as per the front elevation. If you forward the revised drawing, I'll get the file/website changed.

Kind Regards

Dear Simon,

Thank you for your email and apologies for the delay coming back to you.

I have now had an opportunity to discuss this matter with my client, and they are keen to retain some illuminated signage to the rear of the premises, to ensure the branch location is conveyed effectively.

Given the size and nature of the industrial buildings at Oldlands Way, and the illuminated banner advertisement at Kwik-Fit, we would be grateful if you would consider a reduced size rear sign of 4m, mirroring that on the front of the premises.

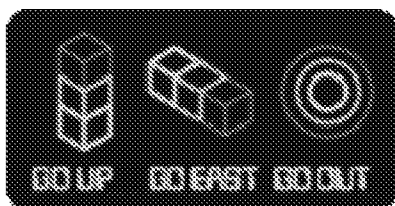

I look forward to receiving your feedback on this matter, at which time I would be happy to update the planning drawings accordingly.

With kind regards,
Danielle

Dear Ms St Pierre,

I write regarding your recent application. We have concerns as to the size of the Screwfix advert and we would like to know why it could not be either smaller or similar in shape to the existing adjacent Kwik Fit advert (i.e. more of a narrow rectangle). I would be grateful for your thoughts.

Kind Regards
