Dear Charlie,

Thank you for your email. I am afraid that we will not be able to issue a decision by the 12th. There is a significant backlog in the determining of applications generally throughout the team. I personally have at least around 22 applications older than yours including large majors. I cannot start deciding newer applications before the older ones. I am unable to give a firm date for determination but would imagine that it would be sometime in March and I would be grateful if you agree an extension of time until 12th March.

Kind Regards

Simon J Davis MRTPI | Principal Planning Officer, Planning Department, Directorate of Place, Arun District Council |

Simon,

Thanks for sharing and apologies for not having formally responded to this before. We have noted the response from your drainage officer, which we will respond to shortly. I note the determination deadline of the of Tuesday 12th, and we will respond to you in advance of then.

I understand that there are no other responses received, and that determination awaits just the response to drainage?

Grateful if you could confirm.

Thanks and kind regards
Charlie

Engineers Comments Regarding Surface Water Drainage

We require confirmation that the proposed temporary structure will not be located directly on top of the existing surface water drainage network. Please can the applicant provide as built survey of the surface water drainage network.

Kind Regards,

Laura Gibbons, MEng, GMICE
Engineer (Drainage & Coastal)
