

Please swap the attached pdf with the "Planning Integration Report" in Statements. Please label the new one as "Arboricultural & Planning Integration Report 05 June 20"

Please note that I had previously sent a Sub Plan email on 10/06/20 (attached FYI) asking for this to be swapped with a May 20 version. You can now ignore/delete that previous email

Hope that is clear.

Could this be done asap as it is on Ctte on this Wednesday

Hi Simon

Were you aware of this most up-to-date Arb. report? It was revised by Arbortrack on 5<sup>th</sup> June and includes the necessary revisions (albeit relatively minor) I had sought. It has not been uploaded so possibly not yet submitted, or stuck in the pipeline somewhere.

Not the end of the world if its too late but would be best to have it included.

Regards,

Mark

Dear Mark

Attached is the updated tree report including additional guidance re fencing (section 8.6) and clarification re the 'No Dig' within the RPA of tree 35 (annotation on TPP @ Appendix A). I think it wise to have this on file in case this scheme does get progressed. Then we've done our stuff. Hopefully you are OK with this?

Yours

James
