Subject: BE/139/21/DOC - 47 South Way, Bersted, PO21 5EY

Dear Maria,

In response to the above application, LEAP Environmental Ltd's Discovery Strategy (ref.: LP2684/DS/1, dated August 2021) has now been reviewed. Based on the submissions received to date and if the applicant/their consultant is able to confirm that ADC will be made aware of any previously unidentified potentially contaminated material, EH is satisfied that the condition can be discharged on completion of the groundworks (including soft landscaping).

Many thanks,

Kate.
