Dear Mr Jupp,

I have sent you an email with the comments of our Conservation Officer (see below) and I haven't heard from you.

Since the deadline of the above application is this week I would appreciate if you let me know when you are sending me amended drawings.

The size of hardstanding in a comparison with an approved doubled and urbanisation of this area is not desirable (happening).

As such it would be helpful if the impact is at least softer.

The extract of CA comments:

'It is unfortunate that such a large area appears to be proposed for hardstanding; it covers the entire width of the plot and would potentially urbanise the curtilage. Could the hardstanding either be reduced in size or designed so as to not look so suburban in character? If minded to approve the application, could this issue be dealt with by way of a landscaping condition?'

Kind regards

Maria
