Dear Mr Turner,

The yellow planning notice was posted on the telegraph pole to the front of the property at the time of the officer's visit on the 16th December. The application is being advertised until the 8th January so if you wish to make representation on this application you still have time.

Regards

Janice Chapman
Planner

Subject: 32 Bronze Close

Dear Janice,

I hear from a neighbour that a planning application has been received for 32 Bronze Close. I am the owner of 33 Bronze Close and I know nothing about this proposed application. I am at present working away from home and taking a holiday. I left on 7th December and I see from the application that it was submitted on 21 November. When was the planning application "orange" notice erected. If the application was submitted on the 21 November surely the notice must have put up by the 7th December. I know the proposer of the application has chosen this exact time to put his application in knowing full well I might not hear of it and not show any objection. This is a matter between the 2 of us.

I would just like to know why in the 16 days between the application being received and my departure there was no planning application notice erected or rather not one that I ever saw

Yours sincerely

Nigel Turner
