Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: BE/143/21/HH
Site Address: 19 South Way Bersted PO21 5HB
Description of works: Removal of existing three lean-to structures and erection of single storey side and rear extension.

Thank you for your internet representation made on 2nd December 2021 which has been recorded as an objection with the comments as follows:

OWPC42311

This is still a massively overdevelopment of the property and is not in keeping with any of the properties within the area.

Even with the revised plans I don't understand why the need for an toilet/shower room is needed within an office, this would still lead to be used as another bedroom.

There isn't any plans/adjustments for extra parking on a busy bus route and a major access link for two schools, with the property being located just up from a T-Junction on this major access route, which the occupier is already parking a large van with trailer half on the path/road most weekends.

Within the plans it shows they are wanting to build over the main drains which feeds at least 6 properties from the street, which raises my concerns on the public services (drains) as they are already just over 90 years old, as well as the extra strain from the toilets/washing factices they are adding.

Your views as made above will be considered before the application is determined.
