Subject: RE: BE/148/20/OUT - Nursery Fields - lack of winter bird survey - URGENT QUERY

Hi,

I don't recall speaking to anyone regarding this site. An over wintering bird survey needs to take place through a winter period so normally Nov – March (part of a season isn't really sufficient) and I would expect Brent geese to be surveyed as part of this. Without this information it would be hard / impossible to do the AA.

Thanks

Liz
