Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015 - Article 5

Application No: BE/148/20/OUT
Site Address: Nursery Fields Land to the North of Chalcraft Lane West Bersted PO21 5TS
Description of works: Outline application with all matters, except for site access, reserved for the development of up to 225 residential units with associated infrastructure, open space and vehicular and pedestrian access. This application affects a Public Right of Way.

Thank you for your internet representation made on 3rd March 2021 which has been recorded as an objection with the comments as follows:

OWPC34182

NPPF Sect 9

Fails to clearly demonstrate the role it will take in ensuring that the site adheres to the spirit of the above and how it will encourage new residents to be able to travel other than by car. There would be an expectation that any property clearly shows how it is designed to ensure access to cycles is as easy as to using the car (sheds in back gardens is not acceptable) Routes across the site and to and from existing national routes is not clear we can no longer build sites that have not taken into consideration connectivity for NMU's. Cycle charging points would have been good to show how committed the developer was to support the agenda along with cycle vouchers for each house. It is still surprising that planning is restricted to the red lines of the site and that little thought appears to have been given in a more holistic nmu route planning approach. New sites should be really demonstrating the role they will play in supporting the community to deal with congestion, poor air quality, well being, climate change etc

Your views as made above will be considered before the application is determined.
