Dear Simon,

Re: Land to the East of Shripney Road, Shripney, Bognor Regis

We have today submitted via the Planning Portal a Non-Material Amendment (NMA) to planning permission BE/73/25/S73 under reference **PP-14602550**.

The proposed amendment relates to changing the specification of grass to the rear gardens of properties from **'Proposed lawn to back gardens – Naturescape N14 Flowering Lawn Mixture or similar' (as approved)** to **'Proposed amenity lawn to back gardens using high quality turf - Rowlan Medallion or similar' (as proposed)**.

This proposed change is at the request of Aster Homes (Housing Association), with whom we are currently in contract for the sale of all 44 plots on the site. A flowering lawn mixture in rear gardens creates maintenance issues for the homeowners, and hence a more typical turfed amenity lawn is preferred.

This amendment does not materially affect the scale, appearance, character, or impact of the approved development and remains fully consistent with the intent of the original permission. We consider the proposed change to be non-material as it does not result in any adverse impact on neighbouring amenity, highway safety, biodiversity, or other material planning considerations.
