Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: BE/149/20/PL
Site Address: 339 Chichester Road Bersted PO21 5AN
Description of works: Replacement of blockwork boundary wall with fence & new vehicular access. This site is in CIL Zone 4 (Zero Rated) as other development.

Thank you for your internet representation made on 11th January 2021 which has been recorded as an objection with the comments as follows:

OWPC32773

WE have a major objection to this developement mainly on the grounds of safety. The area is already busy with residents struggling to park. The addition of another access, especially commercial, would increase further the traffic in the area. The proposed entrance is on a bend opposite a lane which would make it basically a crossroads on a bend. With residents parking adjacent, opposite and alongside the proposed entrance the street becomes single lane and with vans entering and exiting onto Bedford Avenue on the bend, between parked vehicles it becomes hazardous due to all vehicles struggling with the ability to see vehicle movement from all directions.

Mr Delaney went ahead and began this developement knowing it would require planning permission. It was stated in a previous application in 2013 to change the use of the property that the planning department were concerned the property remained in keeping with the residential status of the area. By allowing Mr Delaney have his way and use the property commercially the area has then to cope with an influx of vans loading and unloading on top of the regular traffic.

Your views as made above will be considered before the application is determined.
