Subject: RE: Rear of 99 A North Bersted Street

Dear Steve,

I have spoken with our Conservation Officer, Martin White today and our view is that we would not support the change to the roof of the bungalow. We consider that the difference between the two buildings adds interest value and also respects the rural/historic character.

I have separately had a phone message from your client requesting that I call back to discuss roof trusses. I assume that your email is in connection with this. However, if your client still needs to speak to me then he may ring me back.

Kind Regards

Hi Simon

the amended permitted scheme for the bungalow - BE/14/17 - has a full hip but the subsequent permission for the adjacent garage - BE/55/18 - is a barn hip

do you think you could agree to us going back to a barn hip on the bungalow in order to provide a coordinated design?

Kind regards

Steve Jupp
