Good afternoon Emma,

Further to the latest consultation response from WSCC Fire & Rescue service (attached), I attach a drawing (reference 2409008-W-100-SP Rev. A) containing annotations confirming the following:

- Fire hydrants are within 90m of an entrance to a building.
- Fire hydrants are within 90m of one another.
- The mains size supplying the fire hydrants will be 150mm.

This drawing follows consultation with Portsmouth Water as part of their design process.

I trust this is sufficient to discharge condition 15.

Many thanks,
Karen
