24 November 2011

Dear Mr Baeza

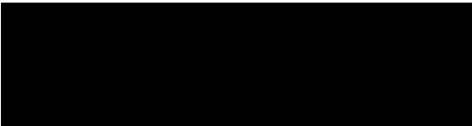

Shripney Garden Caravan Park, Shripney Lane, Bognor Regis

Further to our recent meeting, we hereby enclose a planning application for the extension to the existing caravan park to provide 12 no. additional mobile homes, associated parking area, formation of access and construction of electrical storage housing. This application is essentially an amendment to the previously approved application BE/42/10 and involves a slightly larger site area and an amended access and site layout.

The application is accompanied by the necessary application forms, requisite fee and a Design and Access Statement, which assesses the site, having regard to the previous planning permission and current Development Plan Policy. The application demonstrates that the policy considerations are identical to those which led to the approval of application BE/42/10 and that the differences from the approved scheme are not material in reaching a different decision on this current application.

We trust that you have all the information required to determine the application. Should you require any further information, then please contact Dawn Appleton on [REDACTED]

Yours sincerely

Dawn Appleton MRTPI
