Dear Sirs

Re: Widdowson House, Shripney Road, Bognor – Proposed Electrical Transformer Station

On behalf of our client, Sime Darby London Ltd, we submit via the Planning Portal (ref. 1374251) a full planning application for consent to construct an electrical sub station with housing and fenced enclosure at the above premises.

The requirement for the new electrical supply to Widdowson House is a result of the need to terminate the existing supply which is routed from a transformer located on the land to be redeveloped by Sainsbury Stores Ltd for a new supermarket.

In support of the application the following drawings and documents are submitted electronically via the Planning Portal:

- Completed application form.
- Drawings no. 3593/33 Rev B, 34 Rev. B and 35-.
- Design & Access Statement
- Cheque in the sum of £335.00 in respect of the application fee enclosed.

Yours faithfully

Mark Head
